

### WHEN YOU WASH YOUR HAIR DON'T USE SOAP

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain mulitified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

### EARLY SEASON SHOWS MANY SURPRISES; MUCH BASEBALL DOPE IS BEING UPSET

Upsetting the dope, a popular phase of our national pastime, has been greatly enjoyed in the big leagues thus far this season. The Detroit Tigers and the renovated Phillies are stirring up quite a row, while the Braves, Giants and others expected to set a pace have shown little pep. How long such things will continue cannot be told, but it is entertaining the fans while it does.

### Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put. Sargol does not of itself make fat, but mixing with your food, it turns the fats sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Druggists sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back advertisement.

### BIG RALLY

Will Be Held at Pennsboro May 30 with the Governor the Memorial Speaker.

A patriotic and religious rally will be held on the fair grounds at Pennsboro, May 30 under the auspices of the Personal Workers League. Some noted men will make addresses and there is expected to be a large attendance. There will be a union Sunday school at 9:30 a. m., in which, among others Judge Dayton, Judge Woods, and Elliott Harvey will be teachers. The memorial address will be by Governor Hatfield at 11:30; sermon by Dr. Thomas E. Hodges, late president of the university at 1:30; men's meeting at 3 o'clock, conducted by the secretary of the Parkersburg Young Men's Christian Association, J. H. Oatey, and a women's meeting will be held probably by Mrs. G. I. Wilson, of Sistersville. No admission will be charged but people are urged to take their dinners.

#### STATE CONVENTION.

The annual convention of the West Virginia Retail Jewelers Association and that of the West Virginia State Optical Society has started at Parkersburg. The first convention was held until noon today. This afternoon the opticians' meeting is being held. Colonel J. L. Shepherd, of New York, a leading member of the profession, is scheduled as one of the speakers to-day.

## Service Builds Future Business

TO SELL a car and forget it is the plan of some automobile dealers. Do you wonder there are so many short-lived dealers? We win and the Hudson wins because we are building for the future. With us the most important man we know is the man who owns a Hudson. Our interest in him really commences with the delivery of his car. We begin where others, too often, leave off. Our customers are our capital. We take good care of them, for we aim to keep them always our customers.

Join the Hudson family. Let us Show you what motor car satisfaction really means.

## It's a mighty short way to pipe-joy

if you go via Prince Albert that answers every question. You can jam it in your pipe or roll it into a making and it will produce more real happiness than any brand at any price you ever bucked up against. Now, let's all get together, and repeat slowly and distinctly:

## PRINCE ALBERT

the national joy smoke

can't bite your tongue, and can't parch your throat, because it is made by a patented process that removes the bite and the parch. No other tobacco ever was or can be made like P. A. And P. A. tastes as good as that sounds!

So the warm tip is: Get the jimmy pipes out of dark corners, out of the rafters, where you've hidden them for fear of more tongue bites. Get 'em out and fire up with P. A., for you can go to it fancy-free from sun-up right down the line to the pillow-period!

And the sooner you know this little thing personally, the more joy you'll be.

Prince Albert is sold everywhere in topky red bags, 5c; tidy red tins, 10c; pound and half-pound tin humidors—and—that classy pound crystal-glass humidor with sponge-moistener top that just beats the band for keeping P. A. fine like silk. You buy one quick.
